

EXPERIENCE

- **News Designer | *The Washington Post*** August 2022 – Present
Design and develop highly customized, long-form interactive projects. Create long-form web presentations for enterprise stories. Build data-driven internal reporting tools for the newsroom.
- **Design and Graphics Intern | *The Washington Post*** June 2022 – August 2022
Collaborated with designers and graphics reporters to design and develop visual projects. Built bespoke storytelling tools and components for the Post's website. Created interactive graphics for data-driven political stories.
- **Fellow, Data Reporter | *Howard Center for Investigative Journalism*** January 2021 – May 2022
Ran advanced data analyses in R and Python to develop promising leads and story ideas. Filed public records requests to gather data. Scripted, designed and built graphics to supplement storytelling.
- **Data and Graphics Reporter | *Capital News Service*** August 2021 – December 2021
Wrote scripts for cleaning and analyzing data. Built Python web scrapers to automate data collection. Developed news apps, graphics and long-form web presentations to deliver data-driven stories in engaging ways.
- **Data / Graphics Intern | *NBC News*** June 2021 – August 2021
Pitched, reported and wrote data-driven stories. Analyzed data sets to develop story ideas. Built engaging charts, maps and graphics for stories to explain the news visually.
- **Graduate Assistant | *Office of Strategic Communications, U-Md.*** August 2020 – June 2021
Identified, reported and wrote stories in innovative and narrative styles for Maryland Today, the university's information website. Contributed news stories and features to Terp, an alumni magazine.
- **Managing Digital Editor, Digital Producer, Reporter | *The Daily Iowan*** October 2017 – May 2020
Led a team of 10 digital producers. Built JavaScript-based data visualizations. Redesigned the DI's website, and pushed for a digitalfirst mindset in the newsroom.
