EXPERIENCE

Senior Product Designer, **The Washington Post** *March 2026 – Present*

- Build and maintain bespoke reusable storytelling [formats](#) and [templates](#), enabling the newsroom to produce visually rich, high-quality, interactive projects quickly and consistently.
- Develop internal tools — within and outside the CMS — and integrate backend APIs to enable interactive storytelling at scale, including live trackers, election pages and reusable editorial features.
- Improve workflows and systems for high-traffic news moments, enabling the newsroom to quickly launch and manage interactive stories under tight editorial deadlines.

News Designer, **The Washington Post** *Aug. 2022 – March 2026*

- Designed and developed interactive long-form projects, including a 2024 Pulitzer Prize-winning series on [the AR-15](#), to help make complex stories understandable and engaging for readers.
- Collaborated across the newsroom to craft immersive visual stories blending [narrative](#), [data](#) and [design](#), from quick-turn explainers to enterprise interactives.
- Supported the newsroom from Seoul for over a year, designing quick-turn projects for [breaking news](#) coverage and overnight [project handoffs](#).

Design and Graphics Intern, **The Washington Post** *June 2022 – Aug. 2022*

- Built reusable React and JavaScript components for The Post's website and developed interactive, data-driven tools to support newsroom reporting.

Fellow, Data Reporter, **Howard Center for Investigative Journalism** *Jan. 2021 – May 2022*

- Ran [advanced analyses](#) in R and Python to identify patterns, surface leads and guide reporting.

Data and Graphics Reporter, Capital News Service *Aug. 2021 – Dec. 2021*

- Wrote scripts for analyzing and [visualizing](#) data. Built Python web scrapers to automate data collection.

Data / Graphics Intern, **NBC News** *June 2021 – Aug. 2021*

- Pitched, reported and wrote [data-driven stories](#), and built [interactive maps](#) and [graphics](#).

EDUCATION

Master's in Journalism, **University of Maryland** *May 2022 — GPA: 3.9*

B.A. Journalism, German minor, **University of Iowa** *May 2020 — GPA: 3.6*
